Executive Summary

In 2020, the City of Hazleton prepared a Five-Year Consolidated Plan (CP) for the program years 2020 through 2024. Annually, the City of Hazleton must review and report its progress in conducting its Five-Year strategic plan and the Annual Action Plan. This is the fourth report for the new five-year plan. In addition, in 2020 the City received funding through the CARES Act for CDBG known as CDBG-CV. This report includes a status report on the continued use of those funds as well.

As required by federal Department of Housing and Urban Development (HUD) regulations, every grantee under the CDBG Program is required to prepare and make publicly available an end of year Consolidated Annual Performance and Evaluation Report (CAPER). This CAPER report covers the City's CDBG expenditures from January 1, 2024, to December 31, 2024, the final year of the five year planning period. As required, in addition to this narrative, various financial reports as generated by the Integrated Disbursement System (IDIS) are attached.

During FY 2024, the City continued to make progress on various public infrastructure improvements. The City will complete a multi-year streetscape improvement project along Wyoming Avenue using the remaining 2023 and 2024 Street Improvement funds. This project will go to bid in early 2025. The City continued a multi-year effort to replace a traffic signal on Diamond and Vine and is was substantially completed in 2024; punch list items remain but the project will be completed in full in 2025. Another traffic signal on Alter and 15th Street will commence construction in 2025; bids were awarded in December 2024. Additionally, the City also served 238 individuals experiencing homelessness in 2024.

Projects funded with the CDBG-CV funds include the development of an outdoor recreation space that facilitates social gathering in accordance with public health guidance. Construction for this project was substantially completed in 2024.

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

During PY 2024, the City of Hazleton continued to make progress on two multi-year projects to replace traffic signals. Street Improvement funds reserved in 2024 will be used for a multi-year streetscape project along Wyoming Street in the City.

CDBG-CV Funding was used to pay for a public recreation space to support outdoor social gatherings with room for social distancing.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The five-year goals and objectives and accomplishments are as follows:

Remove Blight

Objective: The City has numerous vacant and abandoned properties that are unsuitable for rehabilitation. The City planned to demolish up to 10 of these over the next five years.

In 2024, the City of Hazleton continued to identify properties for demolition; however, the legal process involved in acquiring the properties prior to demolition is extensive and time consuming. No properties were demolished in 2024.

Public Service

Objective: Provide funding to support services that encourage economic self-sufficiency.

Catholic Social Services (CSS) provided homelessness services to 238 individuals in 2024 and will submit an invoice for the services provided.

Development of Affordable Housing

Objective: Provide funding to create 15 new housing units for homeowners in the City of Hazleton over the next five years.

The goal to create new housing was not addressed in 2024 and will be dependent on the availability of funding and the interest of a developer to work with the City to undertake a program to expand the housing stock in the City. This goal and priority will be addressed during the development of the City’s 2025-2029 CP.

Support Economic Development

Objective: Work with local businesses and organizations to further development in the Central Business District and Commercial and Industrial centers in the City.

The goal to support economic development was not addressed in 2024. This goal and priority will be addressed during the development of the City’s 2025-2029 CP.

Public Infrastructure and Facilities:

Objective: Improve streets, parks, water, sewer, fire-fighting capacity, and facilities that serve the low-income community. Repayment of Section 108 loan that will be used for street improvements.

In 2024, the City of Hazleton substantially completed traffic signal replacement at Diamond and Vine. Punch list items remain; therefore the project remains incomplete. The City bid and awarded the

replacement of a traffic signal at 15th and Alter. Work will begin in 2025. These improvements will serve 24,600 individuals living in Hazleton.

The 2024 funds reserved for street reconstruction will be utilized for a multi-year streetscape project along Wyoming Street in the City. The project is in design and will be bid in 2025.

The City utilized CCBG-CV funds to construct an outdoor recreation space for residents that facilitates social gathering in accordance with public health guidance. Construction for this project was substantially completed in 2024.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
City-wide	100	100	citywide

Table 4 – Identify the geographic distribution and location of investments

Narrative

The City has not targeted funds geographically. The City overall is low to moderate income and funds are utilized in a manner to create area benefit within the low-income census tracts and block groups.

In addition to the funds expended above, the City drew down Administrative funds for salaries for 2024 after the end of the program year.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The City has received funds from the CDBG and CARES Act to plan several public facility improvements including parks and traffic signal improvements in low-income areas.

Hazleton Housing Authority received HUD funds for Public Housing improvements through the Capital Fund and several local agencies received funds through the HUD Continuum of Care program for facilities and services to the homeless.

A PennDOT Green Light Go grant was used to fund the CDBG Traffic Signal Replacement project at Vine and Diamond Ave that was substantially completed during the program year.

The City does not own any property that will be used to address the needs identified in the Five-Year Consolidated Plan.

The City is not a HOME Grantee and has no matching obligation.

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual

Table 6 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The City is part of the Luzerne County Continuum of Care for the homeless. There were no new units created in Hazleton. The City will support efforts to provide new housing but there have been no projects put forth.

Discuss how these outcomes will impact future annual action plans.

The City is seeking opportunities to invest housing funds in a way that will reverse blight and return the vacant housing stock to decent safe and sanitary housing. Due to limited resources, the City will re-evaluate this goal during the development of the 2025-2029 Consolidated Plan.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	0	0
Low-income	0	0
Moderate-income	0	0
Total	0	0

Table 7 – Number of Households Served

Narrative Information

The homeless shelter documents that individuals who are homeless lack adequate resources to obtain housing; for CDBG purposes individuals experiencing homelessness are presumed low-income and the City does not determine income eligibility. Worst case housing needs were addressed only through the provision of shelter for households experiencing homelessness. No funds were used to improve the condition of housing during the program year.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

New Roots, Inc. established a day shelter program and a separate organization, the Willow Foundation, to complement the overnight shelter run by Catholic Social Services. The day shelter program does comprehensive intake to develop a case management plan for all those interested in obtaining permanent housing. New Roots provides job development as well as counseling for persons experiencing homelessness or at risk of homelessness. Drug and alcohol services through New Roots is also available. The City did not submit an application to PA DCED for ESG funds for the New Roots Day Shelter in 2024.

The Luzerne County Continuum of Care (CoC) has established a coordinated assessment process in which the agency that is first approached will conduct an intake and screening to determine household needs. Referrals to appropriate providers will direct the household to the provider that can best meet those needs. Outreach is conducted by multiple agencies including a local mental health provider and an HIV/AIDS provider.

In the City of Hazleton, referrals are made to Catholic Social Services, which has a small homeless shelter supported by CDBG funds. The Commission on Economic Opportunity (C.E.O.) administers the CoC's Coordinated Entry System.

Addressing the emergency shelter and transitional housing needs of homeless persons

The successful coordination of the community service providers in making sure any homeless family with children is provided with shelter means that there are no families on the street. This coordination operates with outreach through HELPLINE (the County's 24-hour information and referral network), police departments and Coalition member agencies such as Children & Youth Services and C.E.O. When a homeless family with children is identified, they are initially referred to C.E.O. for a voucher eligibility or the county's Children and Youth office. Catholic Social Services opened a shelter facility in 2019. There are no family shelters in Hazleton. However, there is only one family shelter located in the north end of Luzerne County. There are four transitional housing programs available in Luzerne County, but none are within the Hazleton City limits.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

C.E.O. administers a state-funded homeless prevention rental assistance program. Under the homeless prevention program, persons who are imminently homeless may receive up to \$1,000 in a given year toward rent. In addition, C.E.O serves as the lead agency for the Luzerne County Mortgage Foreclosure Diversion program.

C.E.O. also administered the US Treasury CARES Act funded, PHFA administered COVID rental assistance program. Both programs are now closed.

The CoC also pursues relationships with other systems of care to advocate for discharge planning to assist individuals create a housing plan, connection to local services, case management and counseling are used to prevent homelessness and a return to homelessness.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

C.E.O. has a Rapid Re-housing program available to assist persons leaving shelter establish permanent housing through rent assistance and case management. Catholic Social Services and C.E.O. each have connections within the community to identify available housing units. The Luzerne County CoC has in place mechanisms to work with the service providers in the county to improve outcomes and stability upon leaving shelter, reducing the time that individuals and families are homeless and preventing homelessness. The coordinated assessment process helps move those that are homeless or seeking prevention services to connect to the appropriate provider. Individual service and shelter providers are working at improving family stability through the identification of barriers to stability identified in the assessment process.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The Hazleton Housing Authority did not receive an allocation of CDBG funding assistance from the City of Hazleton in 2024.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

HHA continues to support homeownership utilizing Catholic Social Services to provide financial literacy and self-sufficiency. Homeownership opportunities are provided by C.E.O.

Actions taken to provide assistance to troubled PHAs

The HHA is not troubled.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

Public policies have not been identified that have a negative effect on housing affordability. The City has land use policies and investment strategies that do not limit or impede private investment. The most significant barrier to affordable housing in the City of Hazleton is lack of income. Despite the comparatively low rents and low cost housing for sale, households in the City of Hazleton still are cost burdened.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The City of Hazleton worked with social service agencies and the County of Luzerne to identify and develop strategies to meet the needs of underserved populations as identified. The City funded the ongoing services provided at the Catholic Social Services homeless shelter. Further, the City helped to organize the Hazleton Housing Coalition, a collective of social service agencies created to address homelessness. A need that was identified is a day shelter program for persons who are homeless. The City worked with Catholic Social Services and New Roots (now Willow Foundation) to find funding to initiate this program.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

As of April 22, 2010, all contractors in the nation who work in homes constructed prior to 1978 must have an EPA Certification and have at least one person on each job site that has taken the EPA Certification 8-hour class on lead-based paint safety. The City will make available through the Building Code office the EPA Paint, Renovate, Repair, and Painting booklet available for interested residents.

Although no longer funded, the City's housing rehabilitation guidelines provided for the administration of the housing program in a manner consistent with the regulations. The City had incorporated the EPA Paint and Renovation guidelines into its code enforcement program as well.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The City of Hazleton will continue to invest in job-creating activities with an emphasis on the hiring of low-income residents. The City will continue to pursue economic development in all forms to increase the supply of good-paying jobs available to City residents.

The City funded a homeless shelter case manager who will help to lift homeless persons out of poverty. The City will support applications to HUD and other agencies for funding for such programs.

In the award of contracts, the City will continue to implement the Section 3 Plan which promotes the utilization of firms owned by low-income persons.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The City continues to effectively and efficiently coordinate community development activities in the City of Hazleton. The Community Development Director will participate in HUD training and technical assistance to provide more efficient and comprehensive program management and oversight. The City works with the Hazleton Housing Coalition to better understand resident needs.

The Hazleton Housing Authority is another public entity in the community that utilizes funding from HUD. HHA's board is appointed by the Mayor. HHA's board hires its Executive Director and is responsible for managing its funds.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

During FY 2024, the City continued to work with the Hazleton Housing Coalition and local non-profit agencies to coordinate services and funding for important social programs and physical improvements in the City. The City coordinated with Catholic Social Services and the Commission on Economic Opportunity on the needs of homeless and near-homeless in the City and other special needs populations.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The City completed its update of the Analysis of Impediments to Fair Housing in late 2018. In this AI, the action steps to be undertaken were identified:

Impediment #1: Fair housing education and outreach efforts continue to be necessary to educate residents about their rights and responsibilities and to deter housing discrimination as demonstrated by:

- Lack of knowledge among landlords about reasonable accommodations for persons with disabilities
- Lack of knowledge among residents and municipal officials about what constitutes illegal discrimination under the Fair Housing Act

Goal 1: Increase fair housing education and outreach opportunities available to residents; landlords, property management agents and real estate professionals; City staff, appointed boards and commissions; and, City municipal leaders.

Action 1A: Partner with a Qualified Fair Housing Enforcement Organization to conduct fair housing education and outreach workshops for residents, landlords, real estate agents, property management agents, lenders, City staff, City Council, and City boards and commissions.

Action 1B: Partner with a HUD-certified homebuyer counseling organization to provide homebuyer education and financial management training, especially for groups with low homeownership rates.

C.E.O is a HUD certified housing counselor providing renters and homeowners alike with counseling services.

Action 1C. Annually review progress on achieving the AI goals and objectives.

In 2024 the Hazleton Housing Authority continued to expand on their work with landlords to increase the acceptance of Section 8 tenants and would incorporate fair housing education into that discussion.

Impediment #2: Persons with limited English proficiency may not be able to fully access Hazleton’s housing and community development programs and services for which they are eligible due to language barriers

Goal 2: Ensure that persons with limited English proficiency can access the City’s affordable housing and community development services and programs.

Action 2A: Update the City’s Language Access Plan that conforms to HUD’S Final Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons (72 Fed. Reg. 13; Jan. 22, 2007).

Action 2B: Continue outreach through the local Spanish-language newspapers for all CDBG publications and notices.

The most current data on language spoken at home (B16002) is provided by the 2022 American Community Survey (ACS). There has been a slight increase in the number of “Limited English-speaking households” in the City, especially for Spanish speaking households. The City’s Language Access Plan was developed using 2014 ACS data. However, the LAP still provides relevant analysis and recommendations of the City’s language access needs. The City published public hearing notices and other important program information in Spanish in two local Spanish language newspapers, one of which moved on-line during the COVID pandemic.

Impediment #3: An inadequate supply of affordable housing throughout Hazleton exists as demonstrated by:

- *High demand for affordable housing that is also accessible to persons with disabilities*
- *Incomes in Hazleton have not kept up with the cost of housing, leaving renters particularly affected by issues of cost burden.*
- *Disproportionately Greater Need: Housing Cost Burden: ○ Black households with incomes at more than 50% AMI*
- *Hispanic households with incomes at more than 50% AMI have a far greater number of households with one or more housing problems compared to other groups*
- *The difficulty that social service agencies have in securing affordable housing for the elderly, large families and persons with disabilities*

Goal 3: Expand affordable housing choice throughout Hazleton to meet existing and future market demand for members of the protected classes.

Action 3A: Support the development and preservation of affordable housing in the City of Hazleton and surrounding communities. Limited CDBG funding can be used to leverage other sources of funds to create new affordable housing opportunities.

During 2024 there were no requests for CDBG or City funding to create new housing opportunities. The City recognizes the need for more affordable housing and improvements to the affordable housing stock in the City. To the extent that a developer requests assistance to construct or rehabilitate housing, the City will work with them. At this time a housing rehabilitation program is not a feasible activity for the City to undertake.

Impediment #4: The public transportation system within Hazleton restricts housing choice and access to employment and education opportunities for residents who are transit-dependent

Goal 4: Advocate for public transit systems to connect lower income neighborhoods and affordable housing communities with major employment centers and education facilities.

Action 4A: Work with social service providers to better understand the transportation needs of the protected classes and other lower income households.

The City advocates with the county to expand transportation options at every possible opportunity. In 2024 the City substantially completed traffic signal improvement projects in low-income areas of the City.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The Office of Community Development (OCD) is responsible for ensuring that the recipients of federal funds meet the purposes of the appropriate legislation and regulations, and that funds are disbursed in a timely manner. The OCD monitored activities carried out during FY 2024 to ensure long-term compliance with program requirements. The objectives of this monitoring are to make sure that activities 1) comply with all regulations governing their administrative, financial, and programmatic operations; 2) achieve their performance objectives within schedule and budget; and 3) comply with the Consolidated Plan.

Internal controls have been designed to ensure adequate segregation of duties. OCD prepares agreements for housing and non-housing activities supported by CDBG funds. Invoices are monitored for compliance with the approved spending plan and federal regulations. The OCD administers the Integrated Disbursement and Information System (IDIS). OCD is also primarily responsible for setting up and administering activities. The City's monitoring standards and procedures ensure that statutory and regulatory requirements are being met and the information submitted to HUD is correct and complete.

Construction projects are managed and monitored during implementation by the City's third party engineer, who collects and reviews payrolls and conducts employee interviews as necessary.

The Community Development Office monitors the various programs and activities that are funded with CDBG dollars. A subrecipient monitoring plan has been put in place to ensure compliance by agencies funded with the CDBG public service and public facilities funding. The following key components of the monitoring process ensure that the City's CP goals are being met in a timely and efficient manner:

Recordkeeping Systems – Recordkeeping requirements outlined in 24CFR Part 570.506 are adhered to. Each project file is documented as to eligibility and national objective, the beneficiaries of the activity, procurements, agreements and related compliance issues.

Financial Management – All financial transactions are carefully recorded and reconciled between the in-house system and IDIS.

Audit Management – All audits are conducted in accordance with federal and State regulations, specifically 2 CFR Part 200. The City Auditor is reviewing the 2021 and 2022 records at this time.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The City of Hazleton placed the CAPER document on public display for a period of 15 days from March 12, 2024, to March 27, 2024.

The City of Hazleton included language in the newspaper advertisement to indicate that the CAPER could be made available in alternative languages or formats upon request to meet the needs of non-English speaking or disabled individuals. An advertisement was placed in the Spanish-language newsletter as well.

The effort to outreach to persons with disabilities and non-English speaking persons was made through contact with the local agencies that represent the needs of persons with disabilities. Information about opportunities to comment on the CAPER was provided to local agencies including:

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction’s program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

The City began work preparing a 2025-2029 Five Year Consolidated Plan in 2024. Increased emphasis has been placed on public infrastructure and quality of life issues. The City wants the residents to take pride in their City, particularly those for whom it is newly adopted.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No
